

Puberty and Human Reproduction in Jigsaw 3-11		
FS	Growing Up	How we have changed since we were babies
Y1	My changing body	Understanding that growing and changing is natural and happens to everybody at different rates
	Boys' and girls' bodies	Appreciating the parts of the body that make us different and using the correct names for them
Y2	The changing me	Where am I on the journey from young to old, and what changes can I be proud of?
	Boys and girls	Differences between boys and girls – how do we feel about them? Which parts of me are private?
Y3	Outside body changes	How our bodies need to change so they can make babies when we grow up – outside changes and how we feel about them
	Inside body changes	How our bodies need to change so they can make babies when we grow up – inside changes and how we feel about them (animations used – shorter version Female and Male Reproductive Systems)

Puberty and Human Reproduction in Jigsaw 3-11		
Y4	Having a baby	The choice to have a baby, the parts of men and women that make babies and – in simple terms – how this happens (animations used – the Female Reproductive System)
	Girls and puberty	How a girl's body changes so that she can have a baby when she's an adult – including menstruation (animations used – the Female Reproductive System)
Y5	Puberty for girls	Physical changes and feelings about them – importance of looking after yourself (animations used – the Female Reproductive System)
	Puberty for boys	Developing understanding of changes for both sexes – reassurance and exploring feelings (animations used – the Male Reproductive System)
	Conception	Understanding the place of sexual intercourse in a relationship and how it can lead to conception and the wonder of a new life (animations used – the Female and Male Reproductive Systems)
Y6	Puberty	Consolidating understanding of physical and emotional changes and how they affect us (animations used – the Female and Male Reproductive Systems)
	Girl talk / boy talk	A chance to ask questions and reflect (single sex) (animations used – the Female and Male Reproductive Systems)
	Conception to birth	The story of pregnancy and birth (animations used – the Female and Male Reproductive Systems)

The grids above show a brief summary of the “Changing Me” Puzzle (unit) in Jigsaw with respect to what is taught – when, relating to Puberty and Human Reproduction. As stated before, the puberty work in Jigsaw fulfils the requirements that sit under the ‘Changing Adolescent Body’ strand of **statutory** Health Education, and parents **cannot** withdraw their children from this.

The content in red on the grid above is deemed as ‘Human Reproduction’ and as this is taught in PSHE, parents could request their children are withdrawn from all or part of these lessons. If you would like to exercise the right to excuse your child from these lessons, please send a letter directly to the school for the attention of the Headteacher, explaining your request.

At Speenhamland School we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

We hope that this information reassures you about the way in which we approach Relationships, Sex and Health Education and we welcome you contacting us if you have any questions or comments about the school's approach to this important, statutory area of learning.
