

Sports Premium 2017/18

What Is the Primary 'Sport Premium'?

The primary 'sport premium' funding for primary schools has been designated to help schools in a variety of ways. Some of the outcomes we will meet through the 'sport premium' funding are:

- Increased opportunities for competitive sport.
- Improved quality of teaching and learning in Primary Physical Education, including more dynamic exercise in lessons.
- Improvements in the quality and breadth of PE and sporting provision, including "increasing participation in PE and sport so that pupils develop healthy lifestyles and reach the performance levels of which they are capable"

Uses at Speenhamland for the Sports Premium

- 1.) Subscription to the West Berkshire School Sport Network Affiliation Package 2017-18, service level agreement (CORE) for Primary Schools, entitles us to:
 - Competitions, delivered and funded in at least 13 different sports including
 - Key Stage 1 Multiskills
 - Cross Country
 - Hockey
 - Paralympics Festival
 - Rugby
 - Orienteering
 - Cricket
 - Continual Professional Development (CPD) on developing the PE Curriculum at Speenhamland and for skill based courses in a variety of sports. Mr Page completed the Real PE teaching course and Real Gym teaching course. Mr Page also attended a Nordic Walking instructors course
- 2.) Arranging and hosting different competitions and sports events at Speenhamland for local schools to attend.
- 3.) Taking part in the Newbury District Primary Schools Football Association
- 4.) Taking part in the Newbury District Primary Schools Netball Association
- 5.) Taking part in the Newbury District Swim Gala
- 6.) Affiliation to Team Kennet's school athletics package
- 7.) The purchasing of a variety of sports equipment, in order to provide the students with an extensive range of sporting opportunities including disability inclusive equipment.
- 8.) Real PE & Real Gym resources
- 9.) Nordic Walking poles
- 10.) 12 weeks of Karate lessons delivered by GKR Karate
- 11.) Repairs to adventure playground
- 12.) Education visit to Bath University
- 13.) Developed leadership of sport in school using our sports captains. Our sports captains led sessions for the infant children.

Impact

The sports premium money is intended to have a positive impact at our school. It increases children's experiences and opportunities and provides them with confidence and self-belief. It allows them to be ambitious and put into practice the values such as resilience and perseverance that they learn about at school. It gives the children opportunities to socialise with other children from other schools and brings them together as part of a community.

Since the beginning of the academic year 2017-18 we have begun to systematically collect data that will eventually enable us to evaluate the school's use of the primary school sport funding. This year 37% (105) of our children have represented the school in sporting activities, 70% (55) of our Upper Junior children represented the school during this academic year. Both of these figures see an increase from last year, our whole school percentage is up by 4% and our upper junior percentage is up by 1%.

In addition to the competitive events we have also hosted more clubs at break and lunchtimes, this has seen a decrease in behaviour related incidents during these times, during summer term 1 incident was reported which resulted in children attending red club which highlights the success of the additional clubs and activities. We have also launched some low impact sports such as Nordic Walking, the children attended the club for several weeks leading up to a longer walk around the Newbury area.

We have worked with Get Berkshire Active who offered children a course which educated them on living a healthy lifestyle, the course also looked closely at the children's diet and encouraged them to work towards a healthy weight. This was very successful 75% of the children who attended the club decreased their BMI (Body Mass Index) over a three month period, after 6 months 82% of the children had seen their BMI decrease from their 3 month weight.

We also hosted our first healthy lifestyles week which allowed the children to access an energetic dance workshop lead by Turn To Dance and also had a focus on each class producing a smoothie of their choice. This encouraged the children to think carefully about the fruits they like and the different combinations they could put together. Our healthy lifestyles week finished with sports day in which all children took part in traditional sports day races, due to the high temperatures the carousal of activities was cancelled to ensure the children's safety.

Going Forward

- We plan on attending or hosting more Sports Premium funded events for the academic year 2018/19 covering a wide range of sports.
- Host a Healthy Lifestyles Week during the summer term including guest speakers
- Develop more opportunities to celebrate children's success in sport
- Host House sports on a termly basis
- Increase number of opportunities for Infant children.
- Fund a daily mile track and start running the daily mile initiative
